Autumn at the Arboretum Fall Festival Highlights “It’s The Great Pumpkin, Charlie Brown” Theme

Festival runs from September 21 to October 31

DALLAS, Texas (Fall 2019) – For the 14th year, Autumn at the Arboretum, presented by Rogers-O'Brien, highlights the nationally acclaimed Pumpkin Village featuring pumpkin houses and creative displays utilizing more than 90,000 pumpkins, gourds and squash. The festival opens on September 21 and runs through October 31. With the theme, “It’s The Great Pumpkin, Charlie Brown,” the Dallas Arboretum’s favorite fall festival features a ‘Great Pumpkin’ covered in marigolds; topiary characters such as Linus, Sally and Franklin looking through the pumpkin patch; Snoopy and Woodstock topiaries are atop his dog house; Lucy gives garden advice at her advice booth; and Schroeder stands near his giant topiary piano. Guests can snap selfies with Charlie Brown, Peppermint Patty, and Marcie behind the iconic brick wall, get lost with Pig Pen in the hay bale maze, and see the Peanuts Gang at their gourd decorated school house for their autumn carnival. Named one of “The Best Pumpkin Festivals to Visit This Fall,” by *Martha Stewart Living Magazine*, the festival features breathtaking colors of fall including 150,000 autumn flowers accented by pumpkins, gourds and squash.

“Known for amazing and creative displays, our 50-member horticulture team creates an awesome Pumpkin Village display where more than 250,000 people visit during Autumn at the Arboretum. They experience the garden in its fall glory, walk in the pumpkin houses and enjoy the programming throughout the garden,” said Alan Walne, Dallas Arboretum’s board chairman.

Additional favorites include a visit to A Tasteful Place, the newly opened 3.5-acre food, herb and vegetable garden, with three free daily tastings featuring savory samples of seasonal produce. Weekly activities include free Monday cooking demonstrations with El Centro College Cooks along with activities throughout the week including vendor demonstrations,

cooking classes, garden-to-table dinners and more. Visitors can also explore the eight-acre Rory Meyers Children's Adventure Garden where science and fun become one. The young and young-at-heart enjoy learning from more than 150 interactive science exhibits, plant labs and the OmniGlobe.
